

## Hospital Infection Preventionist Orientation Checklist

Name Date	
Organization Provided by Administrator/Director of Nursing	
☐ Review the infection prevention (IP) scope of responsibilities document	
☐ Review the IP program risk assessment	
☐ Review the IP plan and goals	
☐ Review of the pandemic event plan	
$\square$ Review the emergency preparedness plan (align to pandemic event)	
$\Box$ Review the annual tuberculosis risk assessment (work with local health department to deterprevalence)	rmine
$\hfill\square$ Review the Quality Assurance & Performance Improvement (QAPI) function and metrics as i relates to IP	t
Infection Prevention Education	
Centers for Disease Control and Prevention (CDC) Infection Control Training and Education	
Resources	
☐ <u>Association for Professionals in Infection Control and Epidemiology (APIC)</u> self-study followir core curriculum (requires membership)	ıg
□ Other:	
T	
Technological Skills    Outlook (or organizational email)	
☐ Secure text messaging software	
☐ Surveillance software (if used)	
☐ Microsoft Word	
☐ Microsoft Excel	
☐ Microsoft PowerPoint	
☐ Intranet/internet	
Infection Prevention Surveillance	

This project is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as part of an award totaling \$640,000 with 0% percentage financed with non-governmental sources. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by HRSA, HHS, or the U.S. Government. For more information, please visit HRSA.gov.

☐ Laboratory alerts/reports

☐ Admission lists	
☐ National Healthcare Safety Network (NHSN Acute Care/Critical Access Hospitals) infection definitions and criteria	
☐ Targeted surveillance (hand hygiene, isolation, etc.)	
☐ Central line-associated bloodstream infections (CLABSI)	
☐ Catheter-associated urinary tract infections (CAUTI)	
$\square$ State-specific reportable diseases/health department notifications	
☐ IP unit rounds (frequency/forms)	
☐ Environment of care (EOC) rounds	
☐ Construction/project rounds as needed	
☐ Other:	
Exposure/Outbreak Investigations	
☐ Notification (leadership, units/facilities, health department, etc.)	
☐ Action plan/process	
☐ Education around the event	
☐ Performing inspections/interviews/audits	
☐ Follow-up post exposure/outbreak	
Public Health	
Regional epidemiologist introduction/role of health department	
☐ Local antibiogram or resistance patterns	
n-Service Education	
☐ Development of in-service content	
☐ Annual mandatory education	
☐ Presentation at general and job-specific (i.e., nursing, laboratory, environmental services) orientation	
☐ Patient/family/support person education principles	
☐ Development of direct observation of practice tool	
☐ Teachable moments, on-the-spot education	
Microbiology/Laboratory	
☐ Importance of quality specimen collection	
☐ Stains/cultures
